

WISCONSIN

PRESS RELEASE

August 20, 2008 Racine, Wisconsin

TCW is MOVING!

Tech Corps Wisconsin, Inc. (TCW) is pleased to announce a significant upgrade to its operating facilities to improve our abilities in support of technology access for children, and community-wide computer literacy, across the state and specifically within the Southeast Wisconsin area.

"We are relocating our operations to **2051 Lathrop Avenue** in the former Aldi grocery store facility" said Michael Pitsch; Executive Director for Tech Corps Wisconsin, Inc.

Monday September 1st is the Grand Opening and Celebration at the new facility which includes new training facilities, larger work areas, a new data center for Internet services, and a much larger Surplus Outlet Computer Store which is open to the general public.

TCW continues to experiment and redefine how education is delivered to our community's citizens, wherever they are, to better prepare them to meet the challenges of their futures. The collaborative nature of the projects conducted by TCW includes a number of public and private businesses throughout SE Wisconsin who provided the material donations and the volunteer who complete the work.

"We are pleased to have this opportunity to better serve the community as we move into our thirteenth year, and continue to help make a difference in the futures of area children and adults," said Pitsch.

To volunteer, donate or sponsor please call 262-619-0931
