

# WISCONSIN

## PRESS RELEASE

July 9, 2008 Racine, Wisconsin

Tech Corps Wisconsin, Inc. (TCW) is pleased to announce the latest effort in its continued support of children, and computer literacy, in the state and specifically within the Southeast Wisconsin area with the announcement of a project for the City of Racine Parks and Recreation Department.

"We have been asked to help them with this project by supplying five refurbished Pentium 4 desktop computer systems, a printer, and networking equipment to create a computer lab, at each of the five community centers in Racine" said Michael Pitsch; Executive Director for Tech Corps Wisconsin, Inc. The computers and high speed Internet connections will be installed during the month of July at the following locations:

John Bryant Center 601 21st Ave.  
M.L. King Center 1134 MLK Drive  
Tyler-Domer Center 1201 12th St.  
Chavez Center 2221 Douglas Ave.  
Humbel Park Center 2200 Blaine Ave.

"Tech Corps Wisconsin is a great resource. The computers they provide to us will be used for assisting the community with job search, job readiness skills and other educational programming at our Community Centers," said Parks and Rec Director Donnie Snow.

This project is a continued experiment in re-defining how education is delivered to our community's citizens, wherever they are, to better prepare them to meet the challenges of their futures. The collaborative nature of the project includes a number of public and private businesses throughout SE Wisconsin who provided the material donations and the volunteers who are completing the work. "We are pleased to have been asked to participate in this venture to help make a difference in the futures of area children and adults," said Pitsch.

To volunteer, donate or sponsor please call 262-619-0931
